

Aloha Neighbors,

We are writing to inform you that the Maui Coast Hotel will begin construction for its 162-room expansion on Monday, March 15, 2022. While most of the construction will occur on the property, there will be utility work occurring on S. Kihei Rd. as well.

Construction will begin with tree removal on the property on Monday, March 15, followed by installation of the dust fence in early April. Grading and sitework will begin in mid-April and continue to full buildout until approximately the end of 2023.

S. Kihei Road utility work is scheduled to last approximately 8 weeks and will require traffic modification during construction. Work will take place Monday through Friday during daylight hours from 8:00 a.m. to 4:00 p.m. as follows:

- Monday, March 28 through Thursday, April 21 – One lane closure with a traffic flag person. S. Kihei Road will be open at night.
- Monday, May 2 through Friday, May 20 – Full Lane closure weekdays from 8:00 a.m. to 5:00 p.m. on S. Kihei Road with detours to Kanani Road to the north, and Alanui Ke'ali'i to the south. S. Kihei Road will be open at night.
- The sidewalk on the east (mauka) side of S. Kihei Road will remain closed between Maui Coast Hotel and Pacific Shores during the entire duration of the utility work.

We are aware of another unaffiliated project planned for this portion of S. Kihei Road scheduled to start this April or May, which is being performed by a separate contractor for the County of Maui.

Every effort will be made to expedite the utility work to reduce the duration of traffic modifications. We apologize in advance for any inconvenience. Additional updates will be provided as construction progresses.

Should you have any questions or concerns, please address them to Patrick Nickerson at [pnickerson@mauicoasthotel.com](mailto:pnickerson@mauicoasthotel.com).

Mahalo,

Patrick Nickerson  
Director of Construction  
Maui Coast Hotel
